

Memorandum
Provo Utah Temple

THE CHURCH OF
JESUS CHRIST
OF LATTER-DAY SAINTS

To: Recommend Desk
From: Kurt Jensen, Temple Recorder
Subject: Entry into the temple after 8PM until closing
Date:

[This memo supercedes all other memos regarding after hour closure procedures]

Please be advised that the recommend desk remains open, even after the last session has started, to facilitate entry for recommend holders who need to enter the temple for a variety of reasons. This may include: **organists** who come to practice the organ, **employees** from various departments, **workers** from other shifts who may need to retrieve something from their locker, etc.

Recommend desk attendants should inform patrons desiring to perform ordinances that the temple is closed after 8 PM for that purpose. Others needing entrance should be allowed into the temple after their temple recommends have been checked in the usual manner. An endowed member with a recommend should be allowed entry into the temple anytime the recommend desk is open if they have reason to enter. The doors of the temple should remain open (including the sliding door) to allow access for those who require entrance.

There will no longer be an authorized night entry list at the recommend desk. Please just use good common sense in allowing those with recommends access to the temple.
